

3 vs. 3 Soccer

A chance to create you own 3-a-side soccer game.

Join the dots to make a soccer field. Start with #1 and draw straight lines between each number to #9. Use a ruler if you wish. Then find A and draw line joining A,B,C,D,E,F,G and H.

Now comes the fun part – a chance to create your own 3-a-side soccer game in progress.

Add 6 players, 3 to each team. Use stick figures because they are easy to draw, but make sure you use 2 different colors so people can tell who is on which team. Have one player with the ball. Have the other players in position.

Why not play 3 vs. 3 with your friends? If you don't have enough players, ask Mum and Dad to join in – providing they promise not to be a BALL HOG!
