

In Play / Out of Play

In Soccer, the ball is only outside the field of play when the WHOLE BALL passes over the goal lines or sideline.

Example:

This can be hard to judge if the ball is in the air. That's the referee's job.

Here is a bird's eye view of a soccer field with lots of balls.

How many balls are there?

How many balls are in play? (Color them blue)

How many balls are out of play? (Color them red)
